Local Chairman BLE Division 398

San Bernardino, CA 92407

Dear Brother Roland:

This letter is in regards to the extension of the switching limits at Los Angeles and what the district miles are between San Bernardino and several locations within the expanded limits.

San Bernardino	Hobart	67 miles
San Bernardino	Dolores	87 miles
San Bernardino	Watson	83 miles
San Bernardino	Port of Los Angeles	88 miles
San Bernardino	Port of Los Angeles pier 400	89 miles
San Bernardino	Port of Long Beach	89 miles

When your extra board is used for service to these locations it is important for them to classify if they are being called in combined service with a working trip or if they are being called for a "continuous trip" (CT). If called to CT they are entitled to the round trip line miles.

Maybe this will help clarify some questions and I am sorry about the delay in getting this to you.

Fraternally,

John Mullen
