Mr. Jason Ringstad  
General Director – Labor Relations  
BNSF Railway  
P O Box 961030  
2600 Lou Menk Drive  
Fort Worth, Texas 76161-0030

Dear Jason:

This letter refers to the Agreement of December 5, 2013 concerning the Bakersfield Pool and Extra Board. In connection with Part B (1) (c) of that agreement, it is understood that should an engineer lay off and subsequently mark up before his turn is called for service, he will be allowed to place back on his turn as though he had not laid off.

If this meets with your agreement, please sign below and return a copy to this office.

Sincerely

  
General Chairman

General Director Labor Relations
